IMPROVING YOUR COMMUNITY

DISTRICT COMMANDER

I am pleased to present this update to you on policing. This leaflet has been put together by a group of young people and is designed to keep you up to date on what's happening in your community. We recognise that young people are a large part of the community who often think that their ideas and opinions are dismissed by those in authority. This in turn may lead to feelings of frustration and that age-old question: - "Why are you always picking on us"

We take the views of young people seriously and together with our key partners have created new and existing ideas to encourage young people to get involved.

Cleveland police have recently set up a Police Cadet Scheme for young people. The programme offers 14 to 19 year olds an exciting new opportunity to develop skills in the areas of teamwork, leadership, decision-making and communication.

We recognise that young people have a lot to offer the community and we look forward to working closely with you again.

YOUR POLICE AUTHORITY MAKES SURE THAT...
